What is CoSign My Lease?

CoSign My Lease is a service that allows you to strengthen your lease application with a Rental Payment Assurance. It's like having someone cosign your lease!

For about a dollar a day,* we'll cosign your lease to give your landlord additional security on your application. The good news? CoSign My Lease is accepted here!

How does it work?

Simply go online to www.CoSignMyLease.com and click the RENTERS tab to start your application. Provide some information about yourself and CoSign My Lease will return a quote for the cost of cosigning your lease. Provide your prospective landlord a copy of your quote along with your rental application.

Visit www.CoSignMyLease.com today to get your quote—and let this landlord know you have a Rental Payment Assurance from CoSign My Lease to strengthen your application!
